essay from the year 2014 in the subject politics region usa grade 1 7 university of kent department of international relations language english abstract the following essay intends to illustrate with the help of comparing revisionist and orthodox theory the reasons for the failed war in vietnam for the u s and whether it is fair to claim that the u s lost the war furthermore i intend to show how the war had an impact on the subsequent foreign policy of the u s these questions can be answered in several different ways depending on which school of thought the field of international relation studies is used in particular are they differing in the perception whether the engagement in indochina was necessary at all

vietnam s year of the rat explores the lunar new year 1960 and the dynamic relationship between two competing groups vying for control in the republic of vietnam one

group led by united states ambassador elbridge durbrow worked toward directing vietnam towards an american style democracy that focused on forcing reforms within the saigon government the other group headed by republic of vietnam president ngo ðinh ðiêm attempted to navigate the demands of durbrow and the state department and to confront internal opposition and an emerging external threat while trying to further the goals of the republic the result was a series of failed opportunities by both sides to resolve the differences of the two complementary if conflicting strategies vietnam s year of the rat offers an alternative to the now standard historiography for this period of the study in the vietnam war by providing a vietnamese viewpoint into the story of that long and tragic war

noam chomsky is a pioneering scholar in the field of linguistics but he is better known as a public intellectual an iconoclastic radical critic of us politics and foreign policy chomsky s challenge examines most of the major subjects chomsky has dealt with in his nearly half century of intellectual activism the vietnam war america s broader international role especially its interventions in the third world the structure of power in american politics the role of the media and of intellectuals in forming public opinion and american foreign policy in the post cold war world chomsky is as controversial as he is influential admirers see him as a courageous teller of unpleasant truths about political power and those who wield it in the united states critics view him as a propagandist and ideologue who sees only black and white where there are multiple shades of gray while chomsky s fans tend to view him uncritically his critics often don t take him seriously unlike any previous work this book takes chomsky seriously while treating him critically the author gives chomsky credit for valuable contributions to our understanding of the contemporary political world but spares no criticism of the serious deficiencies he sees in chomsky s political analyses

tells the story of how america s biggest companies began operated and prospered post world war i this book takes the vantage point of people working within companies as they responded to constant change created by consumers and technology it focuses on the entrepreneur the firm and the industry by showing from the inside how businesses operated after 1920 while offering a good deal of modern american social and cultural history the case studies and contextual chapters provide an in depth understanding of the evolution of american management over nearly 100 years american business since 1920 how it worked presents historical struggles with decision making and the trend towards relative decentralization through stories of extraordinarily capable entrepreneurs and the organizations they led it covers henry ford and his competitor alfred sloan at general motors during the 1920s neil mcelroy at procter gamble in the 1930s ferdinand eberstadt at the government s controlled materials plan during world war ii david sarnoff at rca in the 1950s and 1960s and ray kroc and his mcdonald s franchises in the late twentieth century and early twenty first and more it also delves into such modern success stories as amazon com ebay and google provides deep analysis of some of the most successful companies of the 20th century contains topical chapters covering titans of the 2000s part of wiley blackwell s highly praised american history series american business since 1920 how it worked is designed for use in both basic and advanced courses in american history at the undergraduate and graduate levels
